Intermediate B1 (in progress)

ABOUT ME

Front-end Developer with expertise in building single-page applications using React, Redux, and TypeScript, in collaboration with a team. At present, I'm focusing on enhancing my skills in this domain and aim to learn React Native. I like to spend my free time reading educational books, such as Grokking Algorithms. I'm open to suggestions

MY WORKS AS FRONTED DEVELOPER

October 2022 - present day

"Study buddy cards app"
(Dec 2022 - Feb 2023)

Used technologies:
React/Redux-Toolkit/TypeScript/React-router-domv 6/Axios/SocketIO/ Material UI/Jest/Formik/Git, Github;

This is a React application that helps users learn and memorize information by presenting them with question-answer cards. Registration, login/logout, recovery password flow.Pack/cards table with filtering.Learn page that presents the questions and answers from the cards in a sequential manner for effective learning.

"Professional Connect"
(Nov 2022)

Used technologies:
React/Redux/TypeScript/Redux-thunk/React-router-dom v6/ Ant Design/Formik/Axios/Jest/Websocket;

Social network app with using react hooks, routing, working with REST api, login/logout flow, pagination, form and validation/file uploading using unit-tests for code workability check.

"Task Master"
(Oct 2022)

Used technologies:
React/Redux/Redux-Toolkit/React-router-dom v6/Jest(Unit-Tests)/ Storybook/Axios/Formik/Material UI;

The app allows you to create and manage a list of tasks that need to be done. You can add, edit, mark as complete, and delete tasks from the list.
